

Boltby W

BOLTBY *Direction:* West

Site Code: 11.051 *Location:* SE 507867 to SE 505857 Post code YO7 2HP (car park)
Emergency 3 words vaulting.twee.detonated (take off)

Access: from Boltby village go east , Turn left onto Sneck Yate Bank , go to cross road and park up (YO7 2HP).Walk back down Sneck Yate Bank till you reach Cleveland way , follow this south till you reach run down building .

TAKE OFF IS TO THE RIGHT BEHIND TREES

Height: 1050ft AMSL. Face approx 500ft.

Length: Approximately 1/2 mile. Approx 3 miles from Sutton Bank.

Description: Inland bowl (similar to nearby Sutton Bank). Gently sloping fields at the bottom rising to a steeply sloping, rocky, grass covered hill with distributed trees. The slope gives way to a cliff at the south end.

Suitability: Experienced pilots only.

Site Rules : There are no specific rules relating to this site. Just remember to follow the country code, fly sensibly and keep a look out for members of the public.

Landings: No official landing field , take care when choosing not annoy locals

Comments: No recent reports of flying activity. Top landings are possible but difficult due to trees and rotor from the quarry. Bottom landings are restricted and should be crosswind. Note the POWER LINES in the bottom field **BEFORE** take-off.

Prone to turbulence in moderate winds.
