

Robin Hood N - ESE

ROBIN HOOD'S BAY *Direction:* N TO ESE

Site Code: 11.061 *Location:* SE 959063 to SE 979024

Emergency 3 words trombone.year.remarked (ESE take off) , recorders.concerned.bottle (N / Ne take off)

Access:

ESE take-off .Off A171 onto B1447 at High Hawsker. Bear left when entering Robin Hood's bay and park in the station car park YO22 4RE. Walk approx. 11min along the public footpath to a suitable point on the SE face.

NE take-off .park at boggle hole car park YO22 4UQ.Walk east along mill bank lane till you come to Cleveland Way ,turn right ,walk approx. 200 yds. Find a suitable spot to take off

Height: 250 - 300 ft SE face reduces to 100ft in the centre of the bowl.

Description: Huge coastal bowl producing flying from SE (sheer rock cliffs) to E and NNE (less severe).

Suitability: CP + 20hrs

Site Rules

There are no specific rules relating to this site. Just remember to follow the country code, fly sensibly and keep a look out for members of the public.

Take-off: The SE facing cliff is 11min along the public footpath to a suitable point.

Depending on wind strength and direction ,**be prepared for severe rotor**

The NE facing is approx. 200 yds from mill bank lane.

Both are on the Cleveland way and may be densely over grown , so great care must be taken

Landings

Top: Top landings are impossible

Bottom: Bottom landings are possible only at low tide. Recovery is possible by driving down to the beach.

Comments: Not recently flown. ESE direction is fairly short so flying is limited. The NE ridge has a difficult access but is long and permits flying a greater stretch of coast to the south

SE take off

NE take off
